## TECHO—BLOC

INSPIRING ARTSCAPES

# Step outside the ordinary

You're not looking to blend in, but rather stand out from the crowd. We take that philosophy to the outdoors, reshaping the idea of what landscapes can look like.

It's this creative spirit that not only defines us but pushes us forward. To design. To inspire. To create products that bring art into your experiences outdoors and ignite each and everyone's spark for design. As outdoor trend-setters, we live to create and breathe life into the materials that will allow design lovers of all styles to transform regular spaces into stand-out-from-the-crowd statements.

Embrace your creativity. Mix and match game-changing high-definition textures with a rich color pallet and surprising plays on scale to create a clearly custom look that is as unique as you. From patios to pool sides and walkways to walls, our imaginative landscaping line-up of paving stones, copings, steps and more, all work together giving you the freedom to refashion outdoor spaces into works of art.

So, if you're cut a little differently – if you believe in breaking the mold – we are confident you'll want to see what we're all about. Ask us what we do, and we'll tell you: "We live to create inspiring artscapes."

Klean-Bloc NEW

For an authentic look, each color option is composed of a variety of darker & lighter tones. Natural ingredients are present within the recipe to allow for a range in tones, veining and textures from one stone to another. Color samples for reference only. Actual product colors may vary.

Midwestern USA encompasses these states: AR, CO, GA, IA, ID, IL, IN, KS, KY, MI, MN, MO, MS, ND, NE, OH, Western PA, SD, TN, WI & WV. Eastern USA encompasses these states: CT, DE, MA, MD, ME, NC, NH, NJ, NY, Eastern PA, RI, SC, VA & VT.

## Standout Styles

# Hexa ——Slab and Paver

Putting a spin on the traditional Hexagon paver that was often used for historic homes and buildings, Hexa takes a classic look and elevates it for modern landscape designs.

See pages 74 & 96

# Everest - Slab

Veining and texture like you've never seen before in outdoor concrete products, resulting in the most authentic looking slabs, bar none. Fans of gorgeous marble veining, this one is for you.

See page 72

# Industria Triangle Paver

Your outdoor space will take center stage when creating striking geometric patterns with the all new Industria Triangle. This basic shape makes a bold statement with its endless mosaic possibilities.

See page 100

# Larger Than Life Collections

## Industria 900 Paver

The Industria 900 is the perfect way to add instant visual appeal to any modern exterior. Express your unique style with this one-of-a-kind paver.

See page 100

## 

The perfect paving slab for modern poolsides and backyard design, Blu Grande is a large concrete patio stone available in an array of colors and textures.

See page 66

## Para -Slab

Large-scale, ultra-smooth texture and fine lines best describe the Para HD<sup>2</sup> Collection. It's poreless surface and clean lines make it perfect for modern design. See page 80

# Exclusive Technologies

# Natural look. — Unparalleled durability.

Our leading technologies are not only revolutionizing the way landscaping products look, but how long they will stand up to the elements.

#### A new era of concrete -

HD<sup>2</sup> is always ready for a close-up. Boasting higher particles per square inch, this technology leads to a tighter surface for the most beautiful of finishes.

- Durability
- Superior Strength
- Ultra-detailed Texture
- Vibrant Color

## $HD^2$ +

### Factory Seal for -Extra-Protection

Taking our already cutting-edge technology to the next level, HD<sup>2</sup>+ has the added benefit of a factory seal for added stain resistance, elevated color boost and a reduced absorption rate.

## Worry less. Relax more.

Klean-Bloc technology offers your pavers and slabs an advanced protective barrier against everyday wear and tear, allowing you to simply wipe life's spills away. Enjoy the beauty and character of natural materials like travertine and wood grain, without the worry or maintenance.

#### Stain Resistance

Spills and stains don't stand a chance. Our scientifically formulated protection prevents liquids from penetrating below the surface, preserving looks for the long haul. From food and drink to dirt and grease, outdoor entertaining is risk-free.

#### Scratch Protection

Outdoor surfaces are meant to be used, not worn down. Klean-Bloc's unique characteristics help prevent scratches and scuffs that are all too common with other materials like natural stone. It's protective barrier will keep your exterior's appearance looking flawless.

#### Lasting Color

Gone are the days of too much sun. While exposure to UV rays may cause discoloration in natural stone or wood grain, Klean-Bloc technology will keep your stones looking vibrant and colorful for years to come.

# Inspiring Artscapes

# Playing with Fire, and Water

Opposites attract. Conjure creative contrast and spark a flood of compliments with the unexpectedly elegant union of fire and water. From lakeside to poolside, or even perched inside! — wherever  $H_2O$  flows, fire goes, with the ingenious injection of an astutely positioned feature that ignites as much synergy as it does surprise.

- Blu Various sizes slab in Greyed Nickel &
   Brandon firepit in Chestnut Brown (p. 66, 118)
- 2. Ocean Grande slab in Beige Cream (p. 78)
- 3. Industria 300 Series paver in Beige Cream & Raffinato wall & cap in Beige Cream (p. 100, 144, 160)
- 4. Blu Grande slab in Greyed Nickel (p. 66)

Flames that fuel your outdoors : www.techo-bloc.com/warmingtrends

# Vacations — That Last a Lifetime

Longing for that far-away feeling? With a little clever creativity, you can conjure up a postcard-perfect parallel right in your own backyard. Forget the last minute packing stress – relax and enjoy a hassle-free getaway that will last a lifetime, right in the comfort of your home. Start from the ground up, with our Ocean Grande or Travertina Raw slabs, evoking a dreamy texture that takes you away to foreign lands. Amp up the ambiance with lounge-worthy furniture and linens, and a splash of rope décor. Then tie it all together with an outdoor fire pit to warm-up your evenings after a day of poolside bliss.

- 1. Blu Grande slab in Greyed Nickel & Borealis slab in Smoked Pine (p. 66, 68)
- 2. Ocean Grande slab in Beige Cream & Victorien paver in Onyx Black (p. 78, 110)
- 3. Travertina Raw slab & Bali Travertina Raw cap in Ivory with Raffinato wall in Onyx Black & Raffinato cap in Beige Cream (p. 79, 156, 144, 160)

# Shine a Light on — The Great Outdoors

When night falls, illuminate with elegance and keep the mood bright with the irresistible allure of a sprinkling of lights. Place spot lights along a path to guide the way, or bring that starry night sky down to ground level with a constellation of diamond inlays. To inject an element of surprise, arrange some lighting cleverly on a wall — and watch it transform into a work of art by night.

- 1. Walkway: Borealis slab & wall in Hazelnut Brandy (p. 68, 134)
- 2. Industria Triangle paver in Beige Cream (p. 100)
- 3. Westmount paver in Shale Grey & Raffinato wall & step in Greyed Nickel (p. 111, 144, 166)
- 4. Blu Grande slab in Greyed Nickel & Raffinato wall & cap in Greyed Nickel & Onyx Black (p. 66, 144, 160)

Discover the endless possibilities created with in-lite outdoor lighting www.techo-bloc.com/inlite

## Landscapes that Nurture Nature

Style note: when it comes to the outdoors, green goes with everything! Create an unexpected element of surprise and soften the edges of your hardscaping by gracing spaces with a sprig of gorgeous green. Surround seating areas with flower beds or add a measure of structure to stairways with lean lines of grassy accents. Blend grass elements with the Aquastorm paver for driveways, resulting in a low-maintenance, permeable solution. And for those spaces where the green was first on the scene, turn it into a focal point (and a conversation piece!) by letting it stand its ground and simply hardscaping around it.

- 1. Blu Various sizes paver in Greyed Nickel, Raffinato wall in Onyx Black & Raffinato cap in Greyed Nickel (p. 92, 144, 160)
- 2. Aquastorm paver in Grey (p. 89)
- 3. Blu Grande slab in Greyed Nickel & Borealis wall in Smoked Pine (p. 66, 164)

## One-of-a-kind Design

Straightforward style can be sublime, but sometimes it's refreshing to draw outside the lines. Get creative with our wall collections to break down barriers between simple and spectacular. When the party moves outside, a custom-designed kitchen helps keep things cooking while making mingling easier. If dining under the stars is on the table, make it unforgettable with a one-of-a-kind style that will make you want to savour that open-air flair every night. A custom stone creation that looks like wood will never warp under the weight of those deep conversations. As the night wears on, corner the market on cozy with a contemporary firepit that echoes the angle of your seating area.

<sup>1.</sup> Firepit & bench: Blu Various sizes slab in Beige Cream & Graphix wall in Beige Cream (p. 66, 138)

<sup>2.</sup> Firepit & bench: Blu Grande polished slab in Greyed Nickel & Borealis slab in Riviera (p. 66, 68)

<sup>3.</sup> Kitchen: Hexa slab in Beige Cream & Chestnut Brown & Graphix wall in Beige Cream (p. 74, 138)

<sup>4.</sup> Table: Graphix wall in Greyed Nickel & Onyx Black (p. 138)

<sup>5.</sup> Firepit & bench: Raffinato steps in Greyed Nickel (p. 166)

# Make Waves, – Right at Home

The cool draw of a pool becomes irresistible when you add clever architectural elements that ripple with refreshing ingenuity. Inviting steps lead to a striking poolside firepit, instantly elevating the atmosphere. When you're dreaming of diving clear into vacation mode, the injection of an integrated lounge area makes it oh-so-easy. And where water and land features each make distinctive statements of their own, lay the groundwork for continuity with oversized stepping stones and create a connection that feels as natural as the elements themselves.

- 1. Borealis slab in Hazelnut Brandy & Industria 900 paver in Greyed Nickel (p. 68, 100)
- 2. Travertina Raw slab & Bali Travertina Raw cap in Ivory (p. 79, 156)
- 3. Para slab in Greyed Nickel, Industria Triangle paver in Greyed Nickel, Shale Grey & Onyx Black, Westmount paver in Shale Grey & Onyx Black with Raffinato wall, cap & step in Greyed Nickel (p. 80, 100, 111, 144, 160, 166)

## Perfect Pairings

Whether you lean towards monochromatic and smooth clean lines or love to shake up design with unique texture and color blends, we have made selecting the perfect products easy in the outdoors. From walls to pavers and slabs to caps, we have designed collections across different product categories, ensuring continuity in your outdoor space. Color match across our collections, choose one consistent texture or select your favorite finish and your outdoor surface is sure to fit seamlessly with your style from top to bottom.

- 2. Aberdeen slab in Azzurro, Iconic wall in Victoria & Piedimonte cap in Riviera (p. 62, 132, 159)
- 3. Travertina Raw slab, wall & cap in Ivory (p. 79, 150, 161)

- 1. Diamond paver in Chestnut Brown (p. 94)
- 2. Westmount paver in Merlot (p. 111)
- 3. Travertina Raw slab, wall & cap in Ivory (p. 79, 150, 161)

## Small Space, — Big Impression

Space small, but still want it all? The clever way to play this little game is by stylizing and maximizing every opportunity. Things are really looking up for those urbanites who have a rooftop space to work with, while welcoming design elements and layouts make compact balconies feel anything but confined. Or, try elevating your backyard vibe to the next level in a big way by layering up distinct areas that don't waste a single inch of outdoor space.

## Color

## More than just shades of grey

Play with our palette of coordinating and contrasting hues to inject visual interest and create a customized look that's right on tone.

Industria 600 x 600 HD<sup>2</sup> Smooth in Greyed Nickel, Shale Grey & Onyx Black (p. 76)

Creative angle: A seemingly spontaneous layout of two-tone stones turns a sunken seating area into the main draw.

Industria Triangle HD<sup>2</sup> Smooth in Chestnut Brown & Beige Cream (p. 100)

Carefully deconstructed color play is pure delight for the eye. Create a subtle sense of continuity by experimenting with light and dark shades from the same palette.

Hexa 60 HD<sup>2</sup>+ Smooth in Chestnut Brown, Beige Cream, Greyed Nickel & Onyx Black (p. 96)

A classic, high contrast diamond pattern points the way to a warm welcome.

Diamond HD² Smooth in Greyed Nickel & Charcoal (p. 94)

Fade to fabulous. Graduating shades of the same stone create an eye-catching ombre effect.

Para 500 x 500 HD² in Beige Cream, Greyed Nickel & Onyx Black (p. 80)

Blu Grande  $HD^2$  Smooth in Beige Cream paired with Westmount  $HD^2$ + in Merlot (p. 66, 111)

High definition dining space; linear stones are 'woven' together to form a carpetlike chevron pattern.

# Texture

## When it comes to spaces, finish first

Creative textures trick the eye and add a winning touch to every outdoor space, leading us in bold new directions.

Texture is a brilliant way to add a subtle shakeup to your outdoor floor plan. Laying tone-on-tone but different-textured Diamond pavers in a seemingly random pattern looks at once casual and perfectly polished.

Diamond HD<sup>2</sup> Smooth & HD<sup>2</sup> Granitex in Beige Cream (p. 94)

Borealis  $5 \times 30 \text{ HD}^2$  in Smoked Pine (p. 68)

Herringbone paves the way. Wood-like slabs arranged at 90-degree angles show off textural depth in the light of day.

Square dance: The strikingly woodlike appearance of Borealis slabs fall perfectly into line when partnered with textured Travertina Raw slabs.

Borealis  $5 \times 30 \text{ HD}^2$  in Hazelnut Brandy paired with Travertina Raw  $\text{HD}^2$  in Ivory (p. 68, 79)

Lay down the line at your home's entrance with strips of contrasting texture and color that lead the way straight to 'welcome'.

Diamond  $HD^2$  Smooth in Shale Grey paired with Industria  $600\,x\,100\,HD^2$  Granitex in Onyx Black (p. 94, 100)

Ocean Grande  $\mathrm{HD^2}$  in Greyed Nickel paired with Valet in Onyx Black (p. 78, 109)

The spectacular woven effect created by smaller, rough-hewn Valet pavers amongst elegant Ocean slabs keeps the eye guessing and your guests swooning.

# Scale

## Try this on for size

Whatever your stone style, spectacular comes in all shapes and sizes. And who says you have to choose? Bring them all into the picture for a mingling melange that never gets stale.

Para 500 x 500 HD<sup>2</sup> Smooth in Beige Cream paired with Squadra in Onyx Black (p. 80, 107)

Big little beauty. Perfectly placed mini pavers turn a simple slab layout into something spectacular.

What makes this pattern so striking?
We did the math and it's a perfect fit:
the large stones are as wide as the small
ones are long.

Para  $500 \times 750 \text{ HD}^2$  Smooth in Greyed Nickel paired with Para  $250 \times 500 \text{ HD}^2$  Smooth in Onyx Black (p. 80)

Make a no-holds-barred statement with slim and linear pavers that create gentle movement when set against large stones.

Industria 600x600 in Shale Grey paired with Westmount HD²+ in Shale Grey & Onyx Black (p. 76, 111)

# Shapes

## Give shape to your ideas

When it comes to giving shape to your landscaping ideas, stones are just the first step. Let your imagination run wild as you create patterns and designs that show off the shape of your one-of-a-kind style.

Tiny tiles are back in a big way.

Intricately layed out square pavers

trick the eye to create strikingly

large scale impact.

Squadra in Shale Grey & Onyx Black (p. 107)

Squadra in Shale Grey paired with Valet in Onyx Black (p. 107, 109)

Go with the flow. Hard stones in contrasting colors create soft curves that paint a pretty picture.

Create movement by tracing a path from straight-lined slabs that's curved silhouette connects two points.

Blu Grande in Shale Grey (p. 66)

Versa-tile. Tiny squares laid out in just the right way deliver a high-end luxe look.

Squadra in Shale Grey & Onyx Black paired with Valet in Shale Grey & Onyx Black (p. 107, 109)

A timeless tonal honeycomb pattern introduces this sophisticated interior tile trend to the outdoors.

Hexa 60 HD²+ Smooth in Greyed Nickel & Shale Grey (p. 74)

#### Colors

We love naturals. Thoughtful planning of our color selection means that all your favorite shades show up in multiple collections, making it easy for you to mix, match and contrast to your heart's content. Refer to our color chart on p.170 to find which products are available in your favorite colors.

## Shapes

Ready for something different? There's a lot more to paving stones than just right angles. From classic to creative, explore all the options — then let them be the building blocks for your next big idea.

#### Textures

They may be concrete, but we prefer to call them trompe l'œil. These textures trick the eye with surface appearances that range from super smooth to ultra-detailed, and stay true even to the touch.

HD<sup>2</sup>+ Smooth Brushed Travertine HD<sup>2</sup>+ Natural Stone HD<sup>2</sup> Smooth Klean-Bloc Travertine Natural Stone HD<sup>2</sup> Wood Smooth Split face Slate Wood HD<sup>2</sup> Granitex HD<sup>2</sup> Slate Klean-Bloc Wood HD<sup>2</sup> Polished Klean-Bloc Slate Polished Sand Dunes Basalt Ocean Waves

#### Pairings

From coordinated color schemes to flawless finishes, backyard blends are made easy with our cross category collections. Discover the perfect design pairing for your outdoor space that focuses on seamless surfaces from top to bottom.

#### Tone on tone

Same, but different. We color-match across our collections, making it easy to mix textures, shapes and sizes.

Graphix wall, Raffinato cap & Diamond paver in Greyed Nickel

#### The textured touch

Win by playing the same game.
From slabs to pavers to copings
and beyond, discover the beauty of
working within one consistent texture.

Travertina Raw slab, paver, wall & cap in Ivory

#### Nature finishes first

Different products, one-of-a-kind feeling. Keeping with a similar finish across collections creates an effortlessly natural or rustic-feeling cohesiveness.

Everest slab, Valet paver, Röcka wall & Piedimonte cap

#### Style in overdrive.

Here's a take on landscape design that will have the neighbors doing a double-take. Our inspiring collection of interlocking paving stones makes it a snap to get creative: the vast selection of shapes, sizes, textures and colors is crafted to pair perfectly with our slab collections as well as your home. But these stones are built on more than just good looks — they're colorfast, salt-resistant and permeable, perfect for going the distance on driveways, walkways and beyond. So hang a welcome sign of a different kind with a stand-out paving stone treatment that adds value to your home!

# Permeable Solutions

Eye-catching and eco-friendly.

Give new meaning to the term "environmentally conscious" with permeable pavers that are as eye-catching as they are eco-friendly. With all the desirable features of our traditional pavers, plus the added functionality of effective surface water management, permeable pavers are a rock solid way to treat your home environment to an elegant upgrade while keeping the grander environment in mind. Stress less about puddles and flooding.

#### Permeable Paver

Designed with larger joint space to allow storm water to percolate through.

#### 2 Small Aggregate (2.5-10 mm)

Filters out contaminants and debris from the rainwater.

#### 3 Medium Aggregate (5-28 mm)

Transition layer that further filters out pollutants.

#### 4 Large Aggregate (40-80 mm)

Reservoir layer for rainwater harvesting and the evacuation of excess water through a drain pipe.

#### Options

#### PERMEABLE BY DESIGN

Aquastorm	p. 89

# Outdoor Features

### A spark of inspiration

When you're entertaining outdoors, create unique spaces that will make your guests want to linger longer. Fire pits, fireplaces, pizza ovens and grill islands act as natural gathering places and become instant conversation starters. Choose from clever or classic finishes (or even try mixing it up a little), in made-to-match colors that harmonize perfectly with our other stone features. So, whether you're seeking clean and contemporary lines or rustic earthy inspiration, evenings by the fire never looked so good.

# Walls

# Take landscape design to new heights

Craving inspiration for your outdoor space? Our tasteful walls are designed to do more than build up the visual interest of your yard, garden and patio (though they're great at that, too). When creativity comes calling, play with different textures and finishes to create custom features like bars, benches, kitchens and firepits. And to keep it all looking seamlessly coordinated, our wall colors are perfectly matched with our other product collections, ensuring your creations look spectacular from top to bottom.

### Iconic S \* K

### Fascia Wall Collection

Victoria

The Fascia Wall collection allows you to customize your next outdoor space. You can choose between a one-sided, or double-sided wall, allowing you to adapt the product to your project needs and personalize it to your style. From garden walls to outdoor features, and everything in between, the Fascia Wall Collection will bring your landscape design to life.

All pieces are sold separately. Core blocks & Base units are required, Iconic & Rosemont Fascia & Corner units have the same dimensions.

# Steps

#### Step up your curb appeal

Elevating your landscape design is simple when you follow the right steps. Our stone steps offer a beautiful way to offset spaces, creating natural paths and visual interest in your yards and gardens. Or, boost your home's curb appeal by welcoming guests with a show-stopping entrance right up front. Wherever they lead, our maintenance-free overlay systems are exclusively designed to step in and give new life to timeworn poured concrete.

For an authentic look, each color option is composed of a variety of darker & lighter tones. Natural ingredients such as granite are present within the recipe to allow for a range in tones, veining & textures from one stone to another. Final color selection should be made with your contractor from product samples or at your local dealer from stocked product. This color chart serves as a guide for color selection across product lines.

#### Important information

#### A STANDARD OF CARE

The care of high quality concrete products is similar to the care of any product left in the environment 365 days and nights per year. Very mild cleaning using detergents, water and product specific chemicals is necessary and similar to cleaning patio furniture, a vehicle's chrome, plastic, or paint, etc. in order to enhance their presence and charm. Protectant of all types (high, middle, and low sheen, pigmented/tinted, penetrating or film forming) are available for additional protection from acid rain, stains and nature's worst. To get the most from your investments take care of them and they'll take care of you.

For any questions on industry-specific cleaners and protectant, see your local hardscape dealer/distributor, contact your contractor, contact us or search online.

It is contrary to Techo-Bloc's SOP (Standard Operating Procedures) to be involved in the care of a mature pavement or retaining structure. Care as mentioned above is the responsibility of the owner for any and all outdoor products.

NCMA disclaimer: "In areas where segmental retaining walls will be repeatedly exposed to snow (such as from snow plowing operations) consider periodically applying sealants or water repelling chemicals (silane or siloxane compounds) to the wall surface."

#### COLOR

Due to the inherent nature of printed literature and current digital media, Techo-Bloc cannot guarantee specific colour matching to printed representations of its colour swatches.

Each color option is composed of a variety of darker and lighter tones. Natural ingredients such as granite are present within the recipe to allow for a range in tones, veining and textures from one stone to another. Therefore, colours samples shown are approximate representations of our standard colours and actual product colours may vary.

Final color selection should be made at your local dealer from stocked product. Techo-Bloc always recommends immediately verifying the product and colour upon reception. If there are any discrepancies, contact your local dealer before continuing your project. Installation of the product constitutes your acceptance of the product as is.

#### **EFFLORESCENCE**

This warranty does not apply to efflorescence. Efflorescence is a natural occurring process in all concrete products which sometimes appears in the form of a white powdery film on the pavement surface. Efflorescence is more perceivable in darker colours such as Onyx Black and Chocolate Brown as there is a higher level of contrast than with other blended colours. It does not, in any way, compromise the functionality or the structural integrity of the product. Although efflorescence cannot be prevented, it will wash off over time or can be cleaned with efflorescence cleaner. Techo-Bloc accepts no responsibility or liability for this condition.

#### **POLYMERIC HAZE**

Polymeric haze from the use of polymeric joint sand may appear on your concrete products if the sand was not removed from the surface of the paver properly. This does not, in any way, affect the integrity of the product or your installation. The hazing will weather away naturally with time and rain. It can be removed with a specialized cleaner; you are advised to contact your contractor or the polymeric sand company used for instructions and recommendations. Techo-Bloc accepts no responsibility or liability for this occurrence.

#### **CONSTRUCTION RESIDUE**

A by-product of cutting with a saw is residue-filled water or concrete dust. Residue filled water or re-hydrated dust can cling to the surface and leave a concrete stain. It is recommended to wash and remove the water or concrete dust from the surface of the pavers before it dries. Construction residue can also happen through soil disturbance or environmental elements. These contaminants should be removed immediately but do not affect the integrity of the product or your installation. Techo-Bloc accepts no responsibility or liability for these occurrences.

#### PROPER COLOR DISTRIBUTION AND LAYING TECHNIQUES

Proper installation enhances the overall color of pavement. Units should be randomly picked from at least two pallets when installing. This creates an attractive and subtle blending of color.

#### COMPACTOR AND SNOW REMOVAL EQUIPMENT

Pavers with an embossed surface (high and low points) are more susceptible to scuff marks from vibratory plate compactors used in most concrete paver installations. Techo-Bloc recommends the use of a urethane mat between the plate and the paver surface during compacting. Contact your equipment supplier for more information about accessories for this purpose. Also, snow removal equipment should have the proper spacing, bumpers, and rubber blade guards to protect the surface of the pavers. Techo-Bloc is not responsible for damage caused by the misuse of compaction or snow removal equipment, which may leave scuff marks, or burns on pavers.

NOTE:

For industry information about efflorescence, polymeric haze or information pertaining to installation specifications, please visit www.icpi.org or www.ncma.org.

#### LIMITED WARRANTY

The warranty applies to concrete landscaping and masonry products (herein referred to as "products") intended for residential use and manufactured by the Techo-Bloc group.

All Techo-Bloc products comply with applicable standards established by the American Society for Testing and Materials (ASTM) and the Canadian Standards Association (CSA).

Techo-Bloc offers a transferable life-time warranty on its products, commencing on the date of delivery. The warranty covers the structural integrity of the products and any abnormal deterioration of its surfaces that may be caused by the use of rock salt (sodium chloride [NaCl]) for de-icing pavers, slabs or steps, with the exception of Stonedge collection products, unless otherwise stated.

#### THE FOLLOWING CONDITIONS OR EVENTS ARE NOT COVERED BY THE WARRANTY:

- 1. Use of rock salt and transferability of warranty on Stonedge collection products («wet cast products») unless otherwise stated.
- 2. Splitting, chipping or other breakage caused by impact, abrasion or overloading.
- 3. Damage or loss caused by the movement or settling of the underlying structure or base components upon which the products are set.
- 4. Damage or loss caused by design or installation not in compliance with local codes, industry standards or the guidelines provided by the Interlocking Concrete Pavement Institute (ICPI), the National Concrete Masonry Association (NCMA) or Techo-Bloc.
- 5. Damage or loss caused by natural disaster, including but not limited to, earthquakes, floods or other similar events.
- 6. Acts of negligence or misuse by the owner, installer or any third party.
- 7. Color matching to printed representations.
- 8. Efflorescence, polymeric haze or construction-born residue. (See the important information section for terminologies)
- 9. Damage or loss caused by the operation of compaction or snow removal equipment.
- 10. Normal wear and tear and normal behavior, such as variation in colors or shades.

In the event of product failure within the scope of this warranty, Techo-Bloc will replace the affected units only, following a site inspection and assessment of the products by Techo-Bloc or its representatives. Techo-Bloc's responsibility is limited to the cost of the product only and not to the costs related to the installation or replacement of said products. Techo-Bloc will honor this warranty only with a proof of purchase, such as an invoice or delivery slip.

"We only craft products we would want in our own backyards"

# PROTECT AND ENHANCE YOUR HARDSCAPE INVESTMENT

Flexlock provide a full line of premium-quality jointing components, adhesives, cleaners, protectants, paving-edge systems and geosynthetic structural components – the complete line of innovative hardscaping products.

# Institutional, Commercial & Industrial

### Where design meets durability

With over 35 international patents, we aim to strike the perfect balance of natural hues and incredibly-authentic textures across a diverse range of scale. Discover the widest selection of commercial grade pavements engineered to bring your design to life, even in the harshest environments.
